

A Note To Our Wonderful Volunteers

The Board of Directors, physicians, and staff of Grace Medical Home are excited about your interest in joining us as we serve the medical needs of the working uninsured in our community. It would be impossible for Grace Medical Home to exist without significant volunteer help. The need is great and your willingness to serve using your time and talents is so encouraging to us.

It is important to us that we honor each of you by clearly stating who we are and by clearly setting forth the mission statement we have adopted.

First, we are a Christ-centered ministry. We believe that God has called us into a partnership with Him to make the reality of the Kingdom of God known and experienced in our world. This work, Grace Medical Home, is Christ's work.

Second our mission statement – *To reflect the character and compassion of Christ by offering the highest level of medical care to the low income, uninsured of Central Florida* – communicates the two-fold guideline that will govern all that we endeavor to accomplish.

Because Christ is our example, we welcome people of all faiths as both patients and volunteers. We want our volunteers to be comfortable with the environment of Grace Medical Home, including daily activities such as staff prayer time and staff members at times verbally sharing their Christian faith with patients.

We sincerely believe it is a privilege for us to serve the needs of our wonderful patients and we hope you will join us.
